POPE FRANCIS:

Mothers are the strongest antidote to the spread of self-centered individualism. "Individual" means "what cannot be divided." Mothers, instead, "divide" themselves from the moment they bear a child to give him/her to the world and help him/her grow.

The Door to Our Homes

We all remember the stories of the days of our grandparents when "no one locked their doors." We now live in an age of deadbolts and alarm systems... Gone are the days we once knew, when the doors of our home would open regularly to grandma and grandpa and all the aunts, uncles, and cousins. The doors of our homes don't seem to swing open quite so easily or as often as they used to. Thus, a second challenge...is to find a way to open the doors of our homes to our families, our friends, and all who need us.

A TRIBUTE TO MOTHERS ON MOTHER'S DAY:

This Mother's Day, we express our heartfelt thanks to our Mothers for their unconditional love and guidance. President Theodore Roosevelt once said, "The Mother is the one supreme asset of national life; she is more important by far than the successful statesman, or businessman, or artist, or scientist." Today, mothers continue to play a vital part of our national character. On Mother's Day, we honor the women whose steadfast love and wisdom have made America a great nation. Mothers are a gift from God. God knew what He was doing when He created women with the ability to nurture life. Mother's Day honors all our mothers and their enormous sacrifices. Mother's Day encompasses more than just the honoring of those who have borne children. It is the celebration of motherhood – the divine nature of women. May we all feel a deeper appreciation for the great blessings of motherhood, not just when we celebrate Mother's Day but every day!
