A CARDIAC AED READY RESCUE KIT: Is located in St. Rose Church. PARISH/CONSORTIUM FESTIVAL: We are pleased to announce the Annual Parish Festivals will now be consolidated into one consortium wide festival. The first annual Perry County Consortium Festival will be held June 16th and 17th at St. Rose parish. The festival will run from 5:00 p.m. to approximately midnight each night. Due to the increase in scale from a normal parish festival, we are asking for donations now. The following items may be donated at any time: bottled water, pop, baskets for the basket wheel (baskets wheel with various items i.e. cooking themed, kid themed, etc., with an approximate \$10.00 value), silent auction items, Chinese auction items, gift card to Kroger and monetary donations. Additionally, if you are interested in being in charge of any of the following stands, please contact April Gable at St. Rose School during school hours at 740-342-3043: Money Wheel...Cake Stand...basket stand...kiddie land...lunch stand. If in charge of a particular stand, you are responsible for finding workers for the stand for each night from 5:00 p.m. to midnight, helping to fill in at the respective stand and ensuring the stand is full of prizes thru the night. We are in need of as many volunteers and donations as possible to make this a successful event.

“THE CONSORTIUM 500” (formerly 500 Club) is simply a raffle that runs for 12 months. When you join, you have a chance to win \$500.00 each month! Memberships are limited and are available. RICE BOWL ENCOUNTER: PALM SUNDAY:

We encounter Jesus this week in Jerusalem, a community he knew well. We prayerfully enter into our own communities too, encountering those who are hungry and thirsty, and others who need our help. How does our Lenten journey motivate us to serve those we meet in our daily lives? "Lent is a favorable season for renewing our encounter with Christ, living in his Word, in the sacraments and in our neighbor." (Pope Francis.)

IS POLYSTYRENE (KNOWN AS STYROFOAM)

A good choice for holding our food and drink?

Lots of research...lots of sources...the bottom line...

Polystyrene creates waste that

does not go away and impacts our environment by releasing pollutants into the air and water. A simple list of why we might want to avoid using polystyrene: Emits harmful gases during manufacture...Among the top 5 contributors to marine & ocean pollution... When burned, it puts out harmful fumes...

When heated it leaks tiny doses of styrene chemicals into food and drink...Economically unviable for recycling...transport cost will exceed its value "Conservation (wise use) is a state of harmony between man and land." Aldo Leopold ..Just say no styrofoam! Perry County Waste Reduction & Recycling.
